# Ahrend Engage

Ahrend Engage, a versatile train bench with a timeless design, can be used in many ways and in many locations. This multifunctional train bench is found in offices, hospitals and educational establishments. The active and comfortable seat makes it an excellent bench for reception or waiting areas. It's also a great place to touch down and work, meet or enjoy lunch.

Ahrend Engage is a fresh and practical addition to any area in which people come together and meet - either formally or informally. The train bench is available as a single bench, double bench with shared back, corner unit and armchair. Choose your own finish. Castors can be added to the bench for extra flexibility.

## Functional design

Thanks to its neutral design Ahrend Engage fits in perfectly with any space. The train bench lends itself particularly well to the hospitality environment. A coffee corner or canteen, for example, or a bar or restaurant. Or spaces that benefit from a relaxing atmosphere, such as reception, waiting or lounge areas.

*With its neutral design and practical applicability, the Engage train bench lends itself particularly well to the hospitality environment.*

## Seating comfort

A brief change of scenery at work? The seating comfort of the Ahrend Engage train bench makes it a pleasant place for a spot of work. To make a call, for example, or answer a few emails. Choose a configuration to support various ways of working. A headrest offers extra privacy for telephone calls. How about flipping your laptop open? We can fit a power supply under the base of the bench, which allows users to charge any devices they need to use.

## Cosy consultations

People love having consultations in a relaxed atmosphere, surrounded by a little hubbub and dynamism. Emphasise this sense of hospitality with the welcoming visual touch of an attractive fabric, or go for easy-to-clean plastic upholstery. In a nutshell, Ahrend Engage satisfies your organisation's requirements.

*Waiting for an appointment?  
With Ahrend Engage, even that can be  
a pleasant and comfortable experience.*
